

## 8.0 APPENDIX E - DOOR INVENTORY

The following is an inventory of the doors for the A.T. Smith House made by Mary Jo and David Morelli and Tom and Ginny Carlson on July 21, 2007. The inventory is in a table on the following page, which in turn is followed by the photographs referenced in the table. The table gives height, width, and thickness of each door, how many panels the door has, how early the door is, and if the door has hardware. All of the doors were removed from the house and are in secure storage nearby at the Carlson barn.

# A.T. Smith House Door Inventory

Door #	Location	Photos	Width in inches	Height in inches	Thickness in inches	Period	Number of panels	Hardware	Condition
1	se room 2 middle north	1-2	33.75	81.25	1.5		4	hinges +
